00:00:00 EVIDENCE-BASED PRACTICE: WHAT IT IS AND WHAT IT IS NOT

00:00:00 BILL ROGERS: Where does evidence based practice fit into the professional practice of nursing? This triad of nursing, practice, theory and research is the basis for nursing knowledge and patient care. This program presents the learner with important concepts about the relationship between nursing practice and nursing research and how evidence based practice influences decisions, interventions, evaluations of nursing care, and the use of the most current evidence to provide patient care. It is used to assist in the development of solutions for difficult patient care situations to provide the best information in
